5. If the course is cancelled subsequent to a student's enrollment, the school will either provide a full refund of all monies paid or completion of the course at a later time. If the course is cancelled after students have enrolled and before instruction has begun, the school shall provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school OR provide completion of the course OR participate in a Teach-Out Agreement OR provide a full refund of all monies paid.

6. Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$150.00. This refund policy applies to tuition and fees charged in the enrollment agreement.
7. Refunds are calculated and based on scheduled hour's not actual hours.
8. Other miscellaneous charges the student may have incurred at the institution (EG: extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in this enrollment agreement.
9. The school will use the U. S. Department of Education's "RETURN OF TITLE IV FUNDS" policy (34 CFR 668.22), based on payment period, as required by law.

RETURN OF TITLE IV FUNDS

When you apply for financial aid, you sign a statement that you will use the funds for educational purposes only. Therefore, if you withdraw before completing your program, a portion of the funds you received may have to be returned.

Payment periods for Title IV funds are divided into segments. If a student has completed 60% or less of the payment period the school may have to return part of the funds to the U. S. Department of Education (DOE). So, even though the school may have received money to credit to your tuition account, it may not be eligible to keep all of the money received. Pat Goins Benton Road Beauty School will calculate the amount of tuition to be returned to the Federal fund programs according to the policies listed below.

RETURN OF TITLE IV FUNDS POLICY

The Federal Return of Title IV funds formula (R2T4) dictates the amount of Federal

Title IV aid that must be returned to the federal government by the school and/or the student.

The federal formula is applicable to an eligible student receiving federal aid when that student Withdraws at any point during the payment period.

If a student did not start or begin attendance at the school, the R2T4 formula does not apply.

Official Withdrawal Process: If a student wishes to withdraw from school, they must notify the Financial Aid Administrator of the school. The notification may be in writing or orally. The student may call 318-746-2600. The withdrawal email notification may be emailed to info@patgoins.edu or by mail to Pat Goins Benton Road Beauty School ; 1701 Old Minden Road ; Suite 8 ; Bossier City Louisiana 71111. The date the notification is received is the date of determination and will begin the withdrawal process.

For unofficial withdrawals a student's withdrawal date at the school that is required to take attendance is their last day of physical attendance. The date of determination is 14 calendar days after the student's last day of physical attendance .

The federal formula requires a Return of Title IV calculation if the student received or could have received (based on eligibility criteria) federal financial assistance in the form of Pell Grants, Direct Loans or Direct PLUS Loans, FSEOG, TEACH, and Iraq Afghanistan Service Grants (IASG) during the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date if this occurs on or before the 60% point of time. After the

60% point of the payment period (or period of enrollment depending on what your school uses) the student is considered to have earned 100% of the aid for the period. The percentage that has not been earned is calculated by subtracting the percentage of Title IV aid earned from 100%.

The percentage of the payment period completed is calculated by the hours scheduled in the payment period as of the withdrawal date divided by the scheduled hours in the payment period.

The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was or could have been disbursed as of the withdrawal date.

If a student receives less Title IV funds than the amount earned, the school will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal which is called a post-withdrawal disbursement. Post-withdrawal disbursements will be made from Pell Grant funds first, if the student is eligible. If there are current educational costs still due the school at the time of withdrawal, a Pell Grant post-withdrawal disbursement will be credited to the student's account. Any remaining Pell funds must be released to the student without the student having to take any action. The funds must be released as soon as possible but no more than 45 days after the date of determination. Any federal loan program funds due in a post-withdrawal disbursement must be offered to the student and the school must receive the student's authorization before crediting their account.

If a credit balance still exists on the student's account after the R2T4 and institutional refund calculations are done, that credit balance must be used to pay any grant overpayment that exists based on the current withdrawal within 14 days from the date that the R2T4 calculation was performed. The overpayment must be eliminated prior to offering a credit balance to a student.

The following Title IV return distribution is used for all FSA students.

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Direct PLUS Loan (Parent)
4. Federal Pell Grant
5. Iraq Afghanistan Service Grant

Returns must be made as soon as possible to the federal programs but no later than 45 days after the date of determination.

Federal funds may not cover all unpaid institutional charges due to the institution at the time the student withdraws. The law requires that a student is responsible for all unearned Title IV program assistance that the school is not required to return. This is determined by subtracting the amount returned by the school from the total amount of unearned Title IV funds to be returned.

ADDENDUM E - SATISFACTORY ACADEMIC PROGRESS POLICY

EFFECTIVE: JANUARY 18, 2018

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

Satisfactory Academic Progress evaluation periods are based on actual contracted hours at the institution.

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900, 1200 clocked (actual) hours
Esthetics	400 clocked (actual) hours
Manicuring	300 clocked (actual) hours
Student Teacher	300 clocked (actual) hours

Pat Goins Benton Road Beauty utilizes a 900 academic year for cosmetology program. Manicuring Program and Student Teacher program is less than one academic year (900 hours) and utilizes 600 hours for academic year measurement. The Esthetics Course is less than one academic year (900 hours) and utilizes 800 hours for academic year measurement.

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

The students receive satisfactory progress evaluation results from the Director of Financial Aid within fourteen days after the evaluation periods.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED					
			WEEKS		SCHEDULED HOURS	
Cosmetology	(Full time, 33 hrs/wk)	-1500 Hours	68.18	Weeks	2250	Hours
Cosmetology	(Full time, 25 hrs/wk)	-1500 Hours	90.00	Weeks	2250	Hours
Esthetics	(Full time, 33 hrs/wk)	- 800 Hours	37.50	Weeks	1200	Hours
Esthetics	(Full time, 25 hrs/wk)	- 800 Hours	27.27	Weeks	1200	Hours
Manicuring	(Full time, 24 hrs/wk)	- 600 Hours	36.00	Weeks	900	Hours
Student Teacher	(Full time, 33 hrs/wk)	- 600 Hours	36.36	Weeks	900	Hours
Student Teacher	(Full time, 25 hrs/wk)	- 600 Hours	48.00	Weeks	900	Hours

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 67% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

ACADEMIC EVALUATIONS-System of Grades

Students are assigned theory and practical learning units required for course completion. Theory and practical evaluations occur after each unit of study is completed. Theory evaluations are completed by multiple choice questions test at the end of each unit of instruction. Practical skills are evaluated according to a yes or no practical rubric sheet at the end of each practical unit of instruction.

Students must maintain a cumulative grade average of 70% or more. Numerical grades are considered according to the following scale: A student who receives a 70 % or more on theory exams or practical rubrics will be considered passing if the total score on the practical rubrics or theory exam meets or exceeds 70%.

Passing	=	100 – 70
Non-passing	=	69 and below

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. Final approval or denial of student appeal will be completed by Director of Financial Aid. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Repetitions

A student who completed (Cosmetology, Manicuring, Esthetics or Teacher Training) may elect to rescind hours with the Louisiana State Board of Cosmetology at the student's discretion. Per this policy students are encouraged to receive written verification from Louisiana State Board of Cosmetology regarding their ability to rescind hours and reenroll in a cosmetology school to complete an eligible program. Although rare some students elect this option if they completed an eligible program however waited year(s) to complete licensure test due to unusual circumstances and need to repeat education in order to obtain licensure. In this case the student may be asked to take a pre-enrollment theory and or practice exam to review student's current standing and determine if the student can transfer any previous received hours/ education. After hours have been formally rescinded this student will be enrolled as a transfer student.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours at the institution.

Transfer students may be asked to take a pre-enrollment theory and or practice exam to review student's current standing and determine if the student can transfer any previous received hours/ education. Available transfer hours will be based on hours reported to Louisiana State Board of Cosmetology. ADDENDUM H - STUDENT GRIEVANCE POLICY & PROCEDURES

EFFECTIVE: May 1, 2016

It is the desire of Pat Goins Benton Road Beauty School to have grievance free school. However, occasionally a situation may arise where a student feels his/her problem has not received adequate attention or the student feels the institution's instructors have made an improper decision.

Students and staff are urged to make every effort to resolve disputes via the campus informal resolution process first. Informal resolutions are much faster and usually much more satisfactory in regards to outcomes than formal resolutions. Informal resolution steps are:

1. Student documents concerns in writing and submit to info@ patgoins.edu or in writing to the campus manager. Campus administrator will acknowledge student concerns within 3-5 business days upon receipt.
2. Student will participate in a corrective action plan meeting with campus administrator and or instructor and a corrective action plan will be developed to correct the issue.
3. Student and staff will sign the corrective action plan, which is designed to communicate expected action/behavior or student and staff.

In the event an informal resolution of a problem is unsatisfactory the student shall follow the following procedure for filing a formal grievance.

1. The student should register the grievance in writing on the designated form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred.
2. The grievance form may be given to the Institution's manager.
3. The grievance will be reviewed by management and a response will be sent in writing to the student within 30 days of receiving the grievance. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the grievance.
4. If the grievance is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
5. Depending on the extent and nature of the grievance, interviews with appropriate staff and other students may be necessary to reach a final resolution of the grievance.
6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the grievance. If necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the grievance or another student in the school, and another member who may not be employed by the school or related to the school owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School management shall consider the report and either accept, reject, or modify the recommendations of the committee. Corporate management shall consider the report and either accept, reject, or modify the recommendations of the committee.
7. Students should exhaust the institution's internal grievance process before submitting the grievance to the school's accrediting agency, Department of Education or Louisiana state board of cosmetology, if applicable

ADDENDUM J - THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT AND INSTITUTIONAL POLICY

EFFECTIVE: January 3, 2017

Family Policy Compliance Office (FPCO) Home

The family Educational Rights and Privacy Act (FERPA) (20 U.S.C. 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are to the students and parents or guardians of dependent minors. The student has the right to file complaints with the US Department of Education 1-214-661-9490.

Student and parent or guardians of a dependent minor have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Student and parent or guardians of a dependent minor have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or guardians of dependent minors then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Recordkeeping

Source: Federal Student Aid Handbook, Volume II, Privacy of Student Information (FERPA Rules)

The Family Educational Rights and Privacy Act (FERPA) sets limits on the disclosure of personally identifiable information from school records, and defines the rights of the student to review the records and request a change to the records.

With exceptions such as those noted in this section, FERPA generally gives postsecondary students the right:

- to review their education records,
- to seek to amend inaccurate information in their records, and to provide consent for the disclosure of their records

These rules apply to all education records the school keeps, including admissions records (only if the student was admitted) and academic records as well as any financial aid records pertaining to the student. Therefore, the financial aid office is not usually the office that develops the school's FERPA policy or the notification to students and parents, although it may have some input.

Student's and parents' rights to review educational records

A school must provide a student with an opportunity to review his or her education records within 45 days of the receipt of a request. A school is required to provide the student with copies of education records, or make other arrangements to provide the student access to the records, if a failure to do so would effectively prevent the student from obtaining access to the records. While the school may not charge a fee for retrieving the records, it may charge a reasonable fee for providing copies of the records, provided that the fee would not prevent access to student records.

While the rights under FERPA have transferred from a student's parents to the student when the student attends a postsecondary institution, FERPA does permit a school to disclose a student's education records to his or her parents if the student is a dependent student under IRS laws.

Note that the IRS definition of a dependent is quite different from that of a dependent student for FSA purposes. For IRS purposes, students are dependent if they are listed as dependents on their parent's income tax returns. (If the student is a dependent as defined by the IRS, disclosure may be made to either parent, regardless of which parent claims the student as a dependent.)

Prior written consent to disclose the student's records

Except, under one of the special conditions described in this section, a student must provide written consent before an education agency or school may disclose personally identifiable information from the student's education records. The written consent must –

- state the purpose of the disclosure,
- specify the records that may be disclosed,
- identify the party or class of parties to whom the disclosure may be made, and,
- be signed and dated

If consent is given electronically, the consent form must:

- identify and authenticate a particular person as the source of the electronic consent, and
- indicate that person's approval of the information contained in the electronic consent

The FERPA regulations include a list of exceptions where the school may disclose personally identifiable information from the student's file without prior written consent. Several of these allowable disclosures are of particular interest to the financial aid office, since they are likely to involve the release of financial aid records.

Disclosures to school officials

Some of these disclosures may be made to officials at your school or another school who have a legitimate interest in the student's records. Typically these might be admissions records, grades, or financial aid records.

Disclosure may be made to:

- other school officials, including teachers, within the school whom the school has determined to have legitimate educational interests
- to officials of another postsecondary school or school system, where the student receives services or seeks to enroll

If your school routinely discloses information to other schools where the student seeks to enroll, it should include this information in its annual privacy notification to students. If this information is not in the annual notice, the school must make a reasonable attempt to notify the student at the student's last known address.

Disclosures to government agencies

Disclosures may be made to authorized representatives of the U.S. Department of Education for audit, evaluation, an enforcement purposes. “Authorized representatives” includes employees of the Department – such as employees of the Office of Federal Student Aid, the Office of Postsecondary Education, the Office for Civil Rights, and the National Center for Education Statistics – as well as firms that are under contract to the Department to perform certain administrative functions or studies. In addition –

Disclosure may be made if it is in connection with financial aid that the student has received or applied for such a disclosure may only be made if the student information is needed to determine the amount of the aid, the conditions for the aid, the student’s eligibility for the aid, or to enforce the terms or conditions of the aid.

A school may release personally identifiable information on an F, J, or M nonimmigrant student to U.S. Immigration and Customs Enforcement (formally the immigration and Naturalization Service.) in compliance with the student exchange visitor information System (SEVIS) program without violating FERPA.

Disclosures in response to subpoenas or court orders

A school may release PII on F, J, or M nonimmigrant student to U.S. Immigration and Customs Enforcement (formerly the Immigration and Naturalization Service) in compliance with the Student Exchange Visitor Information System (SEVIS) program without violating FERPA.

FERPA permits schools to disclose education records, without the student’s consent, in order to comply with a lawfully issued subpoena or court order.

In most cases, the school must make a reasonable effort to notify the student who is the subject of the subpoena or court order before complying, so that the student may seek protective action. However, the school does not have to notify the student if the court or issuing agency has prohibited such disclosure.

A school may also disclose information from education records, without the consent or knowledge of the student, to representatives of the U.S. Department of Justice in response to an ex parte order issued in connection with the investigation of crimes of terrorism.

Documenting the disclosure of information

Except as noted below, a school must keep a record of each request for access and each disclosure of personally identifiable student information. The record must identify the parties who requested the information and their legitimate interest in the information. This record must be maintained in the student’s file as long as the educational records themselves are kept.

FERPA Responsibilities and Student Rights

A school is required to:

- Annually notify students of their rights under FERPA;
- Pat Goins Benton Road Beauty School provides students annual notification of students rights under FERPA October 1 of each year.
- Include in that notification the procedure for exercising their rights to inspect and review education records; and
- Maintain a record in a student’s file listing to who personally identifiable information was disclosed and the legitimate interests the parties had in obtaining the information (does not apply to school officials with a legitimate educational interest or to directory information).

Student has the right to:

- Inspect and review any education records pertaining to the student annually;
- Request an amendment to his/her records; and
- Request a hearing (if the request for an amendment is denied) to challenge the contents of the education records, on the grounds that the records are inaccurate, misleading, or violate the rights of the student.

Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) afford students certain rights with respect to their education records. These rights include;

- The right to inspect and review the student's education records within 45 days of the days the school receives a request for access.
- A student should submit to the president, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct person to whom the request should be addressed.
- The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
- A student who wishes to ask the institution to amend a record should write the institution official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the institution decides not to amend the record as requested, the institution will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

[Note: In addition, a school may want to include its directory information public notice, as required by Sec. 99.37 of the regulations, with its annual notification of rights under FERPA.]

HEALTH AND SAFETY EXEMPTION REQUIREMENT 34 CFR 99.31(a)(10) & 34 CFR 99.36

A health and safety exception permits the disclosure of personally identifiable information from a student's record in case of an immediate threat to the health or safety of students or other individuals. The school only discloses personally identifiable information from an education record to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

ADDENDUM K - CONSTITUTION AND CITIZENSHIP DAY

EFFECTIVE: July 1, 2009

This Congressional initiative is authorized by Section 111 of Division J of Pub. L. 108-447 the “Consolidated Appropriations Act 2005.” Dec 8, 2004: 118 Stat. 2809, 3344-45 (Section 111). The Assistant Deputy Secretary for Innovation and Improvement (Assistant Deputy Secretary) takes this action in order to implement this provision as it applies to educational institutions receiving Federal funding from the Department. Section 111 (b) states “each educational institution that receives Federal funds for a fiscal year shall hold an educational program on the United States Constitution on September 17 of such year for the students served by the educational institution. “For purposes of the Department’s implementation of this requirement, “educational institutions” includes but is not limited to “local educational agencies” and institutions of higher education” receiving Federal funding from the Department. Section 111 applies to all educational institutions receiving Federal funding, not only those receiving Federal funding from the Department. However, the Department’s authority only extends to those educational institutions receiving funding from the Department, and consequently, the Department can only regulate with regard to those institutions. Section 111 requires that Constitution Day be held on September 17 of each year commemorating the September 17, 1787 signing of the Constitution. However, when September 17 falls on a Saturday, Sunday or holiday, Constitution Day shall be held during the preceding or following week. Section 111 does not authorize funds to carry out this requirement and Section 111(d) indicates that this section shall apply “without fiscal year limitation.” Accordingly, the Assistant Deputy Secretary intends that this notice pertain to this fiscal year and all subsequent years.

Some informational resources pertaining to the Constitution are listed below. In addition to these, the Department is aware that there may be other public and private resources available that may be helpful to educational institutions in implementing Constitutional Day. While the department does not endorse any particular program or Web site, this information is provided because it may be of use to educational institutions developing their Constitution Day programs. One of the Library of Congress repositories for Constitutional documents and information may be accessed at: <http://www.loc.gov/law/help/commemorative-observations/constitution-day.php>.

The National Archives also has a Web site with a scan of the U. S. Constitution available online at <https://georgewbush-whitehouse.archives.gov/kids/constitution/index.html>

In addition, the National Archives has a nationwide network of research facilities, including presidential libraries that welcome students as young as 14 years of age. Information about the facilities (by region and state) can be located online at: <https://georgewbush-whitehouse.archives.gov/kids/constitution/index.html>

In addition to the resources mentioned above, it is our understanding that the U. S. Office of Personnel Management will be making available to all Federal agencies, information to help train and educate Federal employees on the Constitution and, in particular, its relationship to the Oath of Office Federal employees take. This information will be posted shortly on the OPM Web site at: <http://www.opm.gov/>. We expect that educational institutions may find this material useful in planning their Constitution Day activities. Electronic Access to this document: You may view this document, as well as all other Department of Education documents published in the Federal Register, in text or Adobe Portable Document Format (PDF) on the internet at the following site: <http://www.ed.gov/news/fedregister>.

1. Date student provided official notification of intent to withdraw, in writing.
2. The date the student began the withdrawal from Pat Goins Benton Road Beauty School, records. A student is allowed to resend his notification in writing and continue the program. Upon receipt of the official withdrawal information, Pat Goins Benton Road Beauty School will complete the following:

1. Determine the student’s last date of attendance as of the last recorded date of academic attendance on the school’s attendance record;
2. Two calculations are performed:
 - a. The students ledger card and attendance record are reviewed to determine the calculation of Return of Title IV, HEA funds the student has earned, and if any, the amount of Title IV funds for which the school is responsible. Returns made to the Federal Funds Account are calculated using the Department’s Return of Title IV, HEA Funds Worksheets, scheduled attendance and are based upon the payment period.

3. The student’s grade record will be updated to reflect his/her final grade.

 - a. The amount of Title IV assistance the student has earned. This amount is based upon the length of time the student was enrolled in the program based on scheduled attendance and the amount of funds the student received.
 - b. Any returns that will be made to the Title IV, HEA Federal program on the student’s behalf as a result of exiting the program. If a student’s scheduled attendance is more than 60% of the payment period, he/she is considered to have earned 100% of the Federal funds received for the payment period. In this case, no funds need to be returned to the Federal funds.
 - c. Advise the student of the amount of unearned Federal funds and tuition and fees that the student must return, if applicable.
6. Supply the student with ledger card record noting outstanding balance due to the school and the available methods of payment. A copy of the completed worksheet, check, letter and final ledger card will be kept in the student’s file.
7. If the student owes the school institutional charges a contractual obligation form will be submitted to the Louisiana State Board of Cosmetology.

In the event a student decides to resend his or her official notification to withdraw, the student must provide a signed and dated written statement that he/she is continuing his or her program of study, and student subsequently fails to attend or ceases attendance without completing the payment period, the student’s withdrawal date is the original date of notification of intent to withdraw.

Unofficial Withdrawal from School

In the event that the school unofficially withdraws a student from school, the School Director and/or admissions Director must complete the Withdrawal Form using the last date of attendance as the drop date.

Any student that does not provide official notification of his or her intent to withdraw and is absent for more than 14 consecutive calendar days, fails to maintain satisfactory academic progress, or fails to comply with the school's attendance and **may** be subject to termination and considered to have unofficially withdrawn.

Within 15 days of the student's last date of academic attendance, the following procedures will take place:

2. Determine and record the student's last date of attendance as the last recorded date of academic attendance on the attendance record;

6. Pat Goins Benton Road Beauty School will return to the Federal fund programs any unearned portion of title IV funds for which the school is responsible within 45 days of the date the withdrawal determination date was made and note return on the student's ledger card. Unless unusual circumstances exist, date of determination date will be within 45 school days of the last date of attendance.
7. If requested, Pat Goins Benton Road Beauty School will provide the student with a refund letter explaining Title IV requirements:
 - a. The amount of Title IV aid the student has earned based upon the length of time the student was enrolled and scheduled to attend in the program and the amount of aid the student received.
 - b. Advise the student in writing of the amount of unearned Title IV aid and tuition and fees that he/she must return, if applicable.

ADDENDUM N - FINANCIAL AID POLICIES AND PROCEDURES

EFFECTIVE: November 9, 2017

Need-based and Non-need based State and Local Aid Programs, School Aid Programs, And other private aid program

The programs that the students have access to are as followings:

1. Cash
2. Pell Grant ---- <http://www.fafsa.ed.gov>
3. Direct Loan ---- <http://studentloans.gov>
4. Plus Loan
5. Division if Vocational Rehabilitation
6. Bureau of Indian Affairs
7. Veterans Administration
8. Private Education Loan Self-Certification

Explanation of how each program of aid applies

Federal Pell Grant (PELL)

Pell grants are the foundation of federal student financial assistance to which aid from other federal and nonfederal sources might be added. These grants are generally awarded to undergraduate students and the award amounts can change yearly. Unlike loans, grants are not repaid unless, for example, you withdraw from school prior to the planned program completion date. All federal grants are awarded to students with financial need. The amount of your Federal Pell Grant depends on your cost of attendance, expected family contribution, enrollment status (full or part time) and whether you attend for a full academic year or less. For more information visit Federal Pell Grant. A student must have not obtained loan amounts that exceed annual or aggregate loan limits under any Title IV, HEA Loan Program or the 150% limit that took effect on July 1, 2013. Not liable for grant overpayment or exceed the 600% limit.

Iraq and Afghanistan Service Grant

A student whose parent or guardian was a member of the U.S. Armed Forces and died as a result of service performed in Iraq or Afghanistan after September 11, 2001 may be eligible to receive the Iraq and Afghanistan Service Grant.

Additional Student Eligibility Requirements:

- Must be ineligible for a Federal Pell Grant due only to having less financial need than is required to receive Pell funds, and
- Be under 24 years old, or
- Enrolled in college at least part-time at the time of the parent's or guardian's death.

The grant award is equal to the amount of a maximum Pell Grant for the award year—not to exceed the cost of attendance for that award year.

William D. Ford Federal Direct Loan Program

Student loans, unlike grants, are borrowed money (monies) that must be repaid with interest. Loans made through this program are referred to as Direct Loans. Eligible students and parents borrow directly from the U.S. Department of Education. For more information visit [William D. Ford Federal Direct Loan Program](#). There are three types of loans in the program:

Subsidized Stafford Loan

A student can borrow this type of loan to cover some or all of their school expenses. The U.S. Department of Education pays the interest while you're in school at least half-time and for the first six months after you leave school (grace period). The amount of the loan cannot exceed a student's financial need. For more information visit [Subsidized Stafford Loan](#).

Unsubsidized Stafford Loan

A student can borrow this type of loan to cover some or all of their school expenses. The U.S. Department does not pay interest on subsidized loans. A student is responsible for paying the interest that accrues on the loan from the time the loan is disbursed until it's paid in full. The fixed interest rate of 6.8 percent can be paid while attending school, during a period of deferment or forbearance or it can be accrued and the interest added to the principle amount of the loan. For more information visit [Unsubsidized Stafford Loan](#).

PLUS Loans

Parents of dependent students can borrow from the PLUS Loan program. The terms and conditions of this type of loan include a requirement that the applicant not have an adverse credit history, a repayment period that begins on the date of the last disbursement of the loan and a fixed interest rate of 7.9 percent for the Direct Loan. For more information please visit [PLUS Loans](#).

<http://www.finaid.org/military/vedbenefits.phtml> are usually treated as resources, not income, for federal student aid purposes. There are, however, a few exceptions.

<http://www.finaid.org/military/combatpay.phtml> can be a source of confusion on the FAFSA.

<http://www.finaid.org/military/veteranstatus.phtml> is not necessarily the same as veteran status for VA purposes.

Determining Financial Need

Financial need = Cost of Going to School less your <Expected Family Contribution>

Cost of Going to School is tuition, fees, books and equipment, room and board, transportation cost and personal cost as mandated by the State of Louisiana

Expected Family Contribution is the amount that is determined to be your family's contribution to your education.

How students apply for Federal Student Aid and how eligibility is determined

Students enrolling in Pat Goins Benton Road Beauty School should fill out an application for Federal Financial Aid using the Free Application for Federal Student Aid (FAFSA) on the web: <http://www/fafsa.ed.gov/>

A student's financial aid package may include a Federal Pell Grant, and Federal Stafford Direct Loan. You should use <http://www/fafsa.ed.gov/> to learn more about the financial aid process and get an early estimate of your eligibility for federal student aid. Students are selected to receive financial aid determined by the EFC (earned

family contribution) on the Pell Grant ISIR which is processed by the school administration through Ed Express-ED Connect and transmitted to Common Origination Destination. Funds are drawn through G-5, funds are not requested prior to student enrollment at which time a budget is provided to the student.

How the school distributes aid among students

Most Federal Financial Aid is awarded on the basis of financial need. Need is the difference between your cost of education (educational expenses such as tuition, room board, books, supplies, and other expenses) and the amount you and your family are expected to contribute toward your education.

A standard formula is used for all applicants to determine this amount, which is called the expected family contribution (EFC). If there is anything left over after subtracting the expected family contribution from your cost of education you are then considered to have financial need.

How and when will financial aid be disbursed

Financial Aid and Title IV funds will be disbursed for Cosmetology at 1-450, 451 – 900, 901-1200, 1201- 1500 hours, Cosmetology Instructor at 1-300 and 300-600 hours, Manicuring at 1-300 and 300-600 hours, Esthetics at 1-400 and 401-800 hours. Students must meet these clock hour requirements, weeks and must maintain SAP, in order to be eligible for Title IV funding disbursement. Each student will be evaluated on an individual basis to determine eligibility based on total cumulative hours in each payment period. The disbursement checks will be issued once a month on the 15th or the next business day after meeting the above criteria.

The terms and conditions of any employment that is part of the financial aid package

Pat Goins Benton Road Beauty School does not employ any students who are currently receiving financial aid and are attending the school programs. Pat Goins Benton Road Beauty School does not currently participate in Federal Work-Study Program.

(Cost of Attendance)-(EFC)-(estimated financial assistance)=(Need for subsidized Federal Direct Loan) An unsubsidized loan can replace the EFC.

Application for Loan

To receive a Federal Direct Loan, a student must complete a Free Application for Federal Student Aid www.fafsa.ed.gov and a Master Promissory note. (MPN)(www.studentloans.gov)

The students are provided with an Entrance Counseling Guide.

Required borrower information on the MPN

Adverse Credit History of Borrowers of PLUS (Loan)

The parent may not have adverse credit to borrow a PLUS. This is defined in the regulations as the applicant being 90 days or more delinquent on a debt or having been subject in the 1st five years to a default determination, bankruptcy discharge, foreclosure, repossession, tax lien, wage garnishment or write off of an FSA debt. The absence of any credit history is not considered adverse credit. Lenders may establish more restrictive credit standards for determining adverse credit.

If the parent borrower has an adverse credit history the applicant has the option of receiving a PLUS using a creditworthy endorser. If an endorser is used a separate Endorser Addendum is required for each PLUS loan, If an endorser is involved a new MPN must be used, The endorser is only liable for the specific loan or loans he/she has agreed to endorse.

School Certifies/Originates the Loan

The school's primary responsibilities in the loan application process are to ensure the completeness and accuracy of the MPN based on information it has available.

Checklist for loan certification:

For all Federal Direct Loans programs applications: the school must:

- Confirm that the student and parent meet the definition of eligible borrower. This would include the student's grade level, loan period and the amounts of the disbursements as well as the student's enrollment status and anticipated completion/graduation date. The school must confirm the student's dependency status for PLUS. Check on NSLDS to check the student's financial aid history, including loan limits. It must document the student's financial aid history, including loan limits. It must document the student's COA, EFC and estimated Financial Aid in the student's file. It must be available to the lender, guarantor, or the Department.
- Determine the student's enrollment status and SAP
- Review NSLDS information on ISIR to ensure that the student (or both the student and parent in the case of PLUS loan) is not in default on any FSA loan and does not owe a refund on any FSA grant or scholarship and will not exceed the annual or aggregate loan limits applicable to borrowers.
- Ensure the amount of the loan in combination with other aid will not exceed the annual or aggregate loan limits applicable to borrowers.
- Ensure the amount of the loan in combination with other aid will not exceed the student's financial need or the annual or aggregate loan limit.

For Federal Direct Loan the school must also:

- Determine the student's Pell grant eligibility (for a sub Federal Direct Loan the need analysis must use official EFC calculated by the Department to determine the student's financial need), and if eligible include the grant in the student's aid package.
- For an unsubsidized Federal Direct Loan, first determine the student's eligibility for a Federal Direct Loan
- Prorate Federal Direct loans for programs of study that are shorter than an academic year and for programs in which the remaining period of study is less than an academic year in length
- Ensure that the loan disbursement dates meet the cash management and disbursement requirements for Stafford loans.

A separate PLUS MPN is required for each dependent student or if both parents want to borrow individually on behalf of the student.

Additional Unsubsidized Federal Direct Stafford

Dependent students whose parents are unable to borrow PLUS loans due to adverse credit or other exceptional circumstances may receive additional unsubsidized amounts at the same level as independent undergrad students. The amounts are limited.

Guidelines for determining student's eligibility for a PLUS loan

- Parent's unwillingness to borrow a PLUS does not make the dependent student eligible
- The aid administrators belief that a parent should not borrow a PLUS does not make the student eligible
- Only one parent must apply for a PLUS and be denied based on adverse credit history. However if both parents apply independently and one is approved and one denied, the student is not eligible for increased loan amounts.
- The parents denied of PLUS based on adverse credit in one year does not support the dependent's eligibility in subsequent years.
- The dependent student may become eligible at any time during an academic year if the parent has been approved and later denied.

The dependent student may be eligible for increased unsubsidized loan amounts if you determine and document that other exceptional circumstances exist that will prevent a student from borrowing:

- ✓ The parent is incarcerated and therefore ineligible
- ✓ Parent's whereabouts are unknown
- ✓ Parents income limited to Public Assistance or disability and you have evidence that the lender that makes loans to students and parents at the school has denied a PLUS loan or will not make a Plus loan to a parent under its lending policy due to the parent's existing debt burden, income to debt ratio, likely inability to repay or other credit standards.

Scheduling Disbursements

Estimated Disbursement dates will established through Freedom/Fame student award letter. Students must meet required hours, weeks and meet satisfactory progress for a disbursement to be issued. For Federal Direct Loans the school may request the Federal Direct Loan funds may be provided on the thirty first day of classes for the first payment period for a first year, first time Federal Direct Loan borrower. It is important to keep current with your loan repayment. If your account becomes delinquent you will receive notice that your payment is late. If your account remains delinquent you may be required to pay late fees, should you fail to make payments in 270 days your loan is considered defaulted. At this your will lose eligibility for other federal student aid and assistance under most federal benefit programs. You will lose eligibility for loan deferments.

CREDIT BALANCE

Credit balance checks will be issued once a month on the 15th or on the next business day

If you have any questions or concerns, please email info@patgoins.edu

Entrance Counseling

All entrance counseling are done electronically on www.studentloan.gov. The loans you received were made under a Master Promissory Note (MPN) is a legally binding agreement between you and U.S. Department of Education and

contains the terms and conditions of your loans. A printout is produced and kept in students file and loans cannot be processed on Ed Express without approved by entrance counseling. If a student fails to repay their student loan, they will be considered in default and the following will result:

- It may be reported to a National Credit Bureau and have a negative effect on the student credit rating.
- The student may be ineligible to receive any additional federal or state financial aid funds.
- The student's federal and state income tax refunds may be withheld.
- The student's wages may be garnished.

Interest is not charged on a Direct Subsidized Loan while you are enrolled in school at least half-time, during your grace period and during deferment periods. Interest can be charged on a Direct Subsidized Loan during all other periods (starting on the day after your grace period ends), including forbearance periods. Interest is charged on a Direct Unsubsidized Loan during all periods (starting on the day your loan is paid out). This includes periods while you are enrolled in school at least halftime, during your grace period, and during deferment and forbearance periods. If you do not pay the interest on a Direct Subsidized Loan during forbearance periods, it will be added it to the unpaid principal amount of your loan. This is called "capitalization." If you do not pay the interest on a Direct Unsubsidized Loan while you are enrolled in school at least half-time, during your grace period, and during deferment and forbearance periods, interest will capitalize. Capitalization increases the unpaid principal balance of your loan, and interest is then charged on the increased principal amount.

Pat Goins Benton Road Beauty School will return the cancelled loan amount to the service provider. The student will not have to pay interest or the loan fee on the part of their loan that they tell Pat Goins Benton Road Beauty School to cancel within this timeframe. If the student received an up-front interest rebate on their loan, the rebate does not apply to the part of the students' loan that was requested to be cancelled. The students' loan will be adjusted to eliminate any interest, loan fee, and rebate amount that applies to the amount of the loan that was cancelled. Student must contact their service provider within 120days of their drop date.

You must repay the full amount of your loans even if you:

1. Do not complete your intended program of study
2. Are unable to obtain employment in your area of study
3. Are dissatisfied with the education or services you received from your school.

Direct Loans are reported to the National Student Loan Data System (NSLDS). NSLDS is our central database for student aid records. It provides a centralized view of your loans, tracking your loans from when they are approved through when they are paid off. You may access your account on the NSLDS web site at www.nsls.ed.gov by using a Personal Identification Number (PIN) that we assign to you along with other identifying data. If you do not have Internet access, you may call 800-4-FED-AID (800-433-3243).

Exit Counseling

All students who are graduating or withdrawing from school must receive exit counseling. Exit counseling is provided electronically at www.studentloans.gov or you can secure a copy of the Exit counseling guide during your institutions exit counseling.

The school will ensure that students receive exit counseling before they leave school. Counseling may be provided in person (individually or in groups), or using audiovisual materials. As with entrance counseling, exit counseling is offered on the Web by the Department of Education. Student borrowers should be advised to complete online exit counseling before graduation or withdrawal ceasing at least half-time enrollment. Financial Ad Staff at Pat Goins Benton Road Beauty School are reasonable available to answer questions from student borrowers. One of the borrowers' obligations is to participate in an exit counseling session.

Some of the same material presented at the entrance counseling session will again be presented during exit counseling, the emphasis shifts to more specific information about loan repayment and debt-management strategies. The following information will be provided as part of exit counseling:

1. Exit counseling emphasizes the seriousness and importance of the repayment obligation.
2. The loan servicer sends payment coupons or billing statements as a convenience for the borrowers. Not receiving them does not relieve the borrower of his or her obligation to make payments.
3. Many loan servicers encourage borrowers to set up electronic debiting of bank accounts to repay their loans.

The regulations require that exit counseling describes the likely consequences of default, including adverse credit reports, and litigation. Students will be informed of the charges that might be imposed for delinquency or default, such as lenders or guarantor's collection expenses (including attorney's fees). Defaulters often find that repayment schedules for loans that have been accelerated are more stringent than the original repayment schedule. A defaulter is no longer eligible for any deferment provisions, even if he or she would otherwise qualify. The defaulter's federal and state tax refunds may be seized and wages garnished, and the borrower loses eligibility or any further funding from the FSA programs.

The student will receive an explanation of the use of the Master Promissory Note. The student will be advised to read carefully the MPN and the Borrowers Rights and Responsibilities statement again.

Emphasis will be given that repayment is required, regardless of educational outcome or subsequent employability. The student borrower will be informed that they are obligated to repay the full loan even if they did not finish the program, cannot obtain a job after graduation, or is dissatisfied with the school's educational program or other services.

Sample monthly repayment accounts will be provided. The borrower will be given an estimate of the average anticipated monthly payments based on their indebtedness (or the average indebtedness of Federal Direct Loan borrowers at our school or in the same program). The borrower will receive a sample loan repayment schedule based on their total indebtedness. A loan repayment schedule will usually provide more information than just the expected monthly payment. For instance, it would show the varying monthly amounts expected in a graduated repayment plan. The lending organization is not required to send the repayment schedule to the student until the grace period.

Repayment options will be reviewed with the student. The counseling will review the payment options, such as the standard, extended, graduated and income-contingent income sensitive plans. The option of consolidating loans will also be discussed. Consolidation loans are available through the Federal Direct Student Loan Program.

Debt Management Strategies will be discussed. The counselor will stress the importance of developing a realistic budget; reflect the loan payment as a fixed cost, like rent and utilities.

Forbearance, deferment, and cancellation options will be discussed including:

1. If a student cannot make scheduled payment and does not qualify for a deferment, the lender may allow the student to temporarily make smaller payments or temporarily stop making payments. Interest continues to be charged during forbearance. Some reasons why forbearance may be granted are financial hardship and/or illness. The lender must grant forbearance if the student has a monthly debt burden for Title IV loans that collectively equals or exceeds 20% of their total monthly gross income (for up to three years). There are several other reasons listed in the Borrowers Rights and Responsibilities.
2. Deferments mean that the student does not have to make payments in certain circumstances. If the student is attending school at least half-time, or if the student is unemployed, if the student is experiencing economic hardship as determined by federal law for up to three years. (See student's rights and responsibilities.
3. Students receive an Exit Counseling Booklet prepared by FSA (Federal Student Aid).

THE NATIONAL STUDENT LOAN DATA SYSTEM

The student will be informed of the Availability of Loan Information on NSLDS and the availability of the FSA Ombudsman's Office. The borrower's loan history can be reviewed on NSLDS (PIN required for access). Students without Internet access can identify their loan holder by calling 1-800-4-fed-aid. The borrower will be made aware that the information on the NSLDS site is updated by servicers and may not be as current as the latest information. The Ombudsman's office is a resource for borrowers when other approaches to resolving student loan problems have failed. www.nsls.ed.gov

Review the Student's Rights and Responsibilities

The student will receive the MPN at the beginning of the loan process and it should be reviewed again at the exit interview.

The importance of keeping loan records will be reinforced with the student. The borrower should keep the loan repayment schedule provided by the servicer when repayment begins as well as records of loan payments—including cancelled checks, money order receipts. The student should keep copies of any requests for deferment or forbearance, or any other correspondence with the servicer.

The School will collect and update personal and contact information: During exit counseling, the aid office will obtain the borrower's expected permanent address after leaving school, the address of the borrower's next of kin, and the same address of the borrower's expected employer (if known). A school will correct its records to reflect any changes in the borrower's name, address, Social Security Number, or references and will obtain the borrower's current driver's license number and state of issue.

The student will also be provided with the current name and address of the borrower's servicer, based on the latest information. An explanation will be given on how to complete deferment forms and how to prepare correspondence to the servicer will also be included; Emphasis will be made that the borrower should always keep copies of all correspondence from and to them about their loans. It will be stressed that a borrower must make payments on their loans even if the borrower does or receive a payment booklet or a billing notice.

If the student borrower drops out without notifying the school, we will confirm that the student has either completed online counseling or exit counseling material will be mailed to the borrower at their last known address. The material must be mailed within 30 days of learning that a borrower has withdrawn or failed to participate in an exit counseling session. When we mail these exit materials, we are not required to use certified mail with a return receipt requested, but we must document in the student's file that the materials were sent. If the student fails to return the Exit Counseling material including the contact information, we are not required to take any further action.

Grace Period: Once the student, graduates there is a grace period of six months. During this time no interest accrues on the subsidized loan. On an unsubsidized loan the interest is paid during the loan period but the principal is not paid until after the grace period. The borrower has a choice of paying the interest or having it capitalized—adding the accrued interest to the original loan principal. PLUS loan repayment begins sixty days after the second disbursement and interest begins at that point.

Repayment on all loans is up to ten years with a minimum repayment of \$50.00 per month.

ADDENDUM R - AMERICAN DISABILITIES ACT INSTITUTIONAL POLICY

EFFECTIVE: May 1, 2016

Students with disabilities are not required to disclose disabilities to staff. The staff at Pat Goins Benton Road Beauty School appreciate student and or parents advising admission staff during the enrollment process to ensure appropriate accommodations are made early in the education process. If a student develops a disability or obtains a diagnosis after enrollment the student should advise the campus lead instructor and or student support services director as soon as possible, especially if the student is requesting accommodations. Louisiana State Board of Cosmetology provides several accommodations for persons with disabilities during testing (extended testing time, reader, other accommodations). Louisiana Vocational Rehabilitation may also be able to provide additional assistance.

1. This institution does not screen out individuals with disabilities.
2. This institution does not provide separate services or programs to individuals with disabilities, unless necessary to ensure benefits and services are equally effective.
3. This institution does provide services in the most integrated setting possible.
4. This institution does make reasonable modifications in policies, practices and procedures to avoid discrimination.
5. This institution does ensure buildings are accessible to students with special needs.
6. This Institution does provide auxiliary aids (like translators) to individuals with disabilities at no additional cost to the student.

ADDENDUM S - PHYSICAL DEMANDS & SAFETY REQUIREMENTS FOR THE PROFESSIONS

EFFECTIVE: October 1, 2016

Physical demands and technical standards required of cosmetology, manicuring or instructor training students include, but are not limited to:

- Standing in one place for long periods of time
- Ability to bend and stretch
- Manual dexterity
- Repetitive motor skills (including small muscle control)
- Eye/hand coordination
- Normal or device corrected vision and hearing
- Ability to distinguish color
- Not prone to psoriasis, dermatitis or other chronic skin diseases with open lesions
- Working with chemicals and skin care products
- Skill in oral and written communication
- Effective interpersonal relation skills
- Strong study habits and skill in test taking
- Ability to instruct clients
- Maintaining emotional control
- Short and long-term memory
- Ability to follow instructions
- Ability to read textbooks and other written materials

The inability to complete any of the above tasks may prevent you from obtaining employment post-graduation.

The cosmetology profession deals with working with the public. There are certain regulations that are required to protect the public and the practicing cosmetologist, manicurist or cosmetology instructor.

Safety precautions include, but are not limited to:

- Blood can carry many pathogens. Never touch a client's open sore or wound. Insist that clients with open sores have a doctor certify that they are not contagious. Be sure to properly clean and disinfect any implement that comes in contact with a cut or open sore. Also, seal contaminated wipes or cotton balls in a plastic bag before disposing of them and thoroughly wash your hands with soap and hot water after handling them.
- OSHA (Occupational Safety and Health Administration) standards require an understanding of all pertinent information on products, ranging from content and associated hazards, to combustion levels and storage requirements.
- Disinfectants are too harsh for human skin or eye contact. Always wear gloves and safety glasses to prevent accidental exposure.
- Contagious diseases are transmitted from one individual to another, so do not work on the public when you have an illness that is contagious. Always wash your hands between clients. All tool and implements should be properly cleaned after each use and stored in a covered container. Always use freshly laundered towels on each client. Capes or other coverings should not come into direct contact with clients' skin.
- Electrical equipment should be UL approved and handled with care. Know where electrical fuses and circuit breakers are located in the building.
- Fire codes must be followed. Make sure there are adequate fire extinguishers that are serviced properly and know their locations. Have planned evacuation routes in case of fire or other emergencies.
- Predisposition tests must be given before coloring the hair with an aniline derivative product. Dermatitis, although rare, involves negative reactions to chemicals. Since a colorist's hands are in water and in contact with chemical solutions repeatedly throughout an average day, it is important to take proper precautions. Protect yourself from allergic reactions by wearing gloves until the product is completely removed from the client's hair.

Safety is very important in beauty professions. During your course you will learn sterilization procedures, methods for preventing the spread of disease, proper handling of electrical appliances, proper use of chemicals, and basic First Aid procedures.
